Tianjin University of Technology and Education

Admission Brochures for International Students

Brief Introduction of TUTE

Tianjin University of Technology and Education (TUTE), founded in 1979, is the first normal universities focusing on cultivating teachers for vocational schools in China. TUTE sticks to the educational philosophy of “Hand and Mind, All-round Development”. It has cultivated high-quality vocational teachers and application-oriented senior professionals. TUTE built first-class undergraduate education, and won one national special prize for teaching achievements and two first prizes for national teaching achievements. To deepen the reform, innovate the model, form a full-level vocational education teacher training system of bachelor's degree, master's degree and doctoral degree, and cultivate the first batch of "double-qualified" undergraduate, master's degree and doctor's degree in China. TUTE is co-constructed by the Ministry of Education and the Tianjin Municipal People's Government, and the Ministry of Human Resources and Social Security and the Tianjin Municipal People's Government.

TUTE started to enroll international students since 1993. It has long been qualified to recruit students under various scholarship programs, including Chinese Government Scholarship, International Chinese Language Teachers Scholarship and Tianjin Government Scholarship Foreign Students. The scale of international students has expanded continuously since 2003. TUTE enrolls nearly 1,000 international students from more than 70 countries for both short-term and long-term study yearly. Currently there are undergraduates and postgraduates from more than 32 countries in Asia, Europe and Africa are studying at TUTE.

TUTE has more than 18,000 full-time students at the levels of undergraduate, postgraduate and PhD in 7 disciplines of engineering, education, science, management science, economics, literature and art, with 51 undergraduate programs. There are 10 master's degree programs in academic first-level disciplines, 9 professional master's degree categories,

and 1 doctoral training program to serve the special needs of the country. In addition, TUTE owns some research organizations, such as World Skills Competition China Research Center, Luban Workshop International Development Research Center, Engineering Practice Innovation Project (EPIP) research and promotion Center, Center of African Union Studies and International Education Aid Centre of Ministry of Education etc.

The transportation around TUTE is very convenient, with bus stations, subway stations around. It takes 30 minutes from TUTE to Tianjin Railway Station, or Tianjin West Railway Station by subway or bus, and 20 minutes to Tianjin Binhai Airport by taxi. Also, it only takes 30 minutes by intercity between Tianjin and Beijing, the capital of China.
